

When inspired minds come together,
miracles happen.

JCBL
inspired minds

Anchored in India and guided by timeless values and strong ethics, The JCBL Group is a story of vision, passion and perseverance - a journey that began in 1989 and today touches over a billion lives across continents.

From our humble beginnings in mobility solutions, we have evolved into a diversified powerhouse with a strong presence across key sectors - including Mobility Applications, Defence and Aerospace, Parts and Components for Railways, Metros and Buses, Agriculture, International Business and Automobile. Driven by a pursuit of excellence and a commitment to enriching lives, we have also partnered with global leaders to deliver world-class experiences across businesses and communities.

Our success is deeply rooted in our founding philosophy of Nation Building, guided by the enduring belief in Making Lives Better.

Vision

To be a market leader, sustaining domestic leadership and global presence through innovation, quality and value added growth.

OUR PRESENCE

Where manufacturing is a passion

We boast of our manufacturing excellence through our modern and well integrated plants located in northern and southern parts of the country. We use the latest cutting-edge technology and machines.

At every stage of the product evolution-design, construction, manufacturing, and assembly, quality checks are carried out meticulously by monitoring performance, efficiency, and, above all, safety.
